Name	Watershed Evaluation of Beneficial Management Practices (WEBs) : towards enhanced agricultural landscape planning - four-year review (2004/5-2007/8)
Description	The Watershed Evaluation of Beneficial Management Practices (WEBs) project was initiated in April 2004 to assess the environmental and economic performance of selected agricultural beneficial management practices (BMPs) at seven small watersheds across Canada. This report is a summary of the project's first four years (April 2004 – March 2008).
